**Switzer.**

Mr. G. W. Hopkins and wife, spent several days at Payne's Depot this week.

The beautiful weather of the past two weeks reminds us that spring time is near at hand.

The early pulling at Mr. Dally Baker's last Friday night week, was a very pleasant affair.

Mrs. Annie Brumham, of Missouri, who has been visiting friends near this place the last two weeks, at present visiting in Scott county.

Mr. R. A. Bristow, of Cave Hill Farm, and has been visiting friends in our village, returned home Friday evening accompanied by Miss Minnie Jones, who will spend several days with him.

Rev. T. J. Stevenson, of Frankfort, preached to the people of North Bend last Sunday. We were glad to have Brother Stevenson with us, and hope that he will visit us again soon.

Mr. M. B. Lucas, a tobacco speculator and also a candidate for sheriff of this county, was in our village last Thursday buying tobacco and soliciting aid in his election to the office of sheriff.

Still they move. Mr. Ben Jones has moved to our village, Mr. Ed. Holland (our village blacksmith) has moved to the residence recently vacated by Mr. P. C. Smith. Mr. Holland is now within a few steps of his shop, and any work in his line will be executed in the very best style on short notice.

Our Farmers are busying themselves preparing to till the soil. We are glad that our little village is surrounded by enterprising farmers. When this is the case the merest trifles have a tendency to increase our prosperity. In fact everything seems to be in their favor and the coming spring time bids fair to enliven business of every kind, and we hope in the future we hope that it can be said of us that the citizens of Switzer are building up a town that will not be behind any of our little country villages.

ONCE A WEEK

Garden seeds in bulk at Burt's.

**Peak's Mill.**

Little Delta Pindexter has the chills. Mrs. Mary Suter is still confined to her room.

Mrs. Laura Hinnen is very ill of neuralgia of the heart.

Born.—To C. G. Hockensmith and wife a daughter—Mary Bonth.

Misses Claudia Sullivan and Lizzie Church spent Tuesday with Miss Mary Bauck.

Mr. F. M. Jackson, of Elizabethon, spent several days with his parents near this place, the first of the week.

Wanted.—By a good looking young man, near this place, a position at the Post Office, here as clerk or cook. He prefers the latter.

Mr. Johny A. Bell, of Buzzard's Roost, gave us a pleasant surprise. He looked unusually happy. Has just recovered from disease of the heart.

We had a call from "Once a Week" the handsome correspondent from Switzer. Sorry he was disappointed. Hope he will be more successful the next time. Call again.

Mr. Joe Seidle, formerly of this county but now a resident of Delaware county, Indiana, has just returned on a short visit, and is receiving cordial greetings from his many friends.

Quite a large crowd were assembled at the Square Saturday evening last, according to the appointment, but were doomed to be disappointed again, as Brother Ford failed to come.

Mrs. Ella Parker, of Elizabethtown, paid a visit of some days last week to her mother, Mrs. Mary E. Suter. She made us almost forget we had just had a deluge with her joyous laugh and sunny ways.

When you hear a man talking about the world you may know that he is either a book agent or a lightning rod peddler. As

I am neither one will say nothing about the weather. You all know how it is your selves.

The sad news of the death of Miss Matilda Stillman, at Green Gables Spring, Florida, reached us a few days since. She was born near this place, has two sisters, Mrs. Eliza Hodges and Mrs. Mollie Warford, and many other relatives too numerous to mention, to mourn her loss. To her death had no sting; there was a light and joyful smile on her face. But she now sleeps beneath the magnolias, and may henceforth sigh a gentle reprieve over her lonely grave.

**Bloomington**

Mr. John Glanton continues very sick.

Mrs. Bettie Snelling has been quite ill for several days past.

Has the Professor received the box of fine signs yet? If not, why not?

Sewing tobacco tools have engaged the attention of our inmates lately.

Kene O'Hall, Treasurer was around last week fixing his queues. He speaks encouragingly of his environs.

Mr. Henry Church has, for the past few days, been visiting the family of John Bell, Esq., of North Benson.

Mr. Smith, one of our most popular and prosperous merchants, started east last Monday for his stock of spring goods.

Mr. Geo. N. Triplett and family have been on a visit of several days to friends and relatives on the north side of the creek, in Mr. T. C. old neighborhood.

Murred.—By the Rev. Hiram Ford, Sunday evening, the 4th inst., at the residence of the bride's aunts, Mrs. Short, Mr. Robert Howard to Miss Bettie Snelling. No cards.

Our kind friend John Wallace, Esq., has moved, so we are informed, his little speech to the handsomé widow over the way, and now threatens to visit the dentist again. Sorry for you, John.

Joseph Settle, Esq., formerly of this community and neighborhood, but for the past year or two living in Indiana, has been back on a combined trip of business and pleasure. He speaks in glowing terms of his new home.

The people living near here must have a hotel road to Pleasant Hill Church. Our only way now is, foot or horseback, and by a single file. The road is too narrow and rough for vehicles. By all means let's have good roads to the churches.

Rev. Hiram Ford, pastor of Pleasant Hill Church, Sunday evening, preached an interesting sermon to a small but appreciative audience. Services at the church every Sunday at 11 a.m., preaching by the pastor the first Sunday in each month. Every body invited. Seats free.

Mr. Dan Stinson has lately put up, on the farm of Dan Glanton, Esq., one of his new automatic gates, which at once became a show, as well as a convenience to persons passing on horseback or in vehicles, as it can easily be opened and closed without dismounting. The convenience to ladies on horseback, without an escort, will be greatly appreciated.

THE BETTER WAY.  
"I hear them speak of a better way;  
'Tis by a new patent gate the way,  
With which you can open and close the thing?"

"Well we need not in pull the string?"  
Is it where you lost his overshoes,  
As he opened the gate to let us through?"

"Not there, not there, my child!"  
"Oh yes, I know, it is on the hill,  
Where Joe and John and my uncle Will  
Had a few fits about who could get down  
Or who would get up when he came from town,  
Or when a wheelbarrow ran away,  
When our old gate dropped off its hinge one day?"

"Not there, not there, my child!"

"I've been to see it, my gentle son;  
States a reputation has won;  
The Patent Diamond Patented  
All the time to make it even,

For on the road through his orchard lane,  
It operates whenever you pull the line.  
It is there, it is there, my child."

NURSE.

**Benson.**

Farmers are making preparations for a big crop of tobacco. Wheat is not doing well.

Who will be our next sheep? is the question of the day. We can only answer, the man that beats Lebo Collins, sure.

The Boston Turnpike Company ought to be allowed at the Northwest end of their bridge. A word to the wise etc.

Died.—Near this place, February 20th of cerebral apoplexy, Mr. Joseph Moore. He leaves a wife and one child to mourn his loss.

We are glad to learn that the educational convention is to meet in Frankfort. Every teacher and friend of education should be in attendance and make it a success.

We will say to C. T., of Triville, that we did have a severe cold and have been absent for two weeks, we, however, did not crawl under the carpet. Did we, Johnson?

Miss Lena Sheets, of Frankfort, is visiting her mother at this place. Did the high water run you out, Miss Lena? We do not wish Frankfort to be hard, but hope something will run you out this way often.

Some sorcerous thief has stolen the contents of the corner stone of the "Chapel" building out the corner to get it. The Chapel was built by the Rev. Dr. Norton, formerly of Frankfort, as an Episcopal Church.

We are glad to learn that our esteemed friend, Mr. A. B. Browner, is keeping "Longfellow's" tone in this neighborhood for the Legislature. It is hoped, however, that he will stop before reaching the "Arbutus" Exposition.

At Mr. Joe Moore's sale, last Saturday, met in the salt bright 20 and 23 cents per pound, corn \$2.55 per barrel, on 12 months time.

Conduromine.—Was meat and corn or corned wanted?

FRANKFORT, MARCH 12, 1883.

Come in, Jeff, and get your papers.  
Chickens, geese, fish, and oysters at  
Banta's

The concert of Prof. Buchholzer, at the  
Capital Hotel Wednesday evening, was well  
attended.

Talk is cheap but there is no flour equal  
to J. E. M. Don't let anybody talk you into  
paying as much for an inferior flour as you  
have to pay for J. E. M. Price \$4.00 per

The call for a conference of the friends of  
education to meet in this city on the 15th of  
April, is attracting a great deal of attention  
and the meeting will doubtless be very  
largely attended.

Mrs. Maria Church, for many years a highly  
respected and greatly beloved resident of  
this city, died at Kirkwood, Missouri, Mon-  
day morning, after a confinement of many  
months with paralysis. Her old home, the  
house at present occupied by Mrs. June  
Page, is one of the old landmarks on the  
South Side.

Sam Keys, colored, went into the dry  
goods establishment of Mr. W. T. Runyan  
Wednesday afternoon and represented that  
he was an employee of the E. H. Taylor, Jr.,  
Company and purchased a lot of goods,  
promising to pay at the end of the week.  
As soon as Mr. Runyan had an opportunity  
to examine the pay roll of the Company he  
found that Keys had lied to him, and forth-  
with had City Marshal Hogan arrest him  
for obtaining goods under false pretenses.

Mr. Henry Crutcher, formerly of this  
county, nephew of Messrs. Washington  
and Lafayette Crutcher, a young man well  
known in this city, died at the Standard  
Hotel, in Louisville, at five o'clock Wednes-  
day morning, of pneumonia. The deceased  
was a member of the Louisville Legion and  
while at Grayson contracted the cold  
which resulted in his death. The remains  
were brought up on the morning train  
Thursday, the funeral took place from  
Grassy Spring Church, the same day, and  
the body was laid to rest in the family  
burying ground on his father's old place, in  
Woodford county. The deceased was a  
handsome, manly fellow, and when the  
soldier boys passed through this city on  
their way to Grayson we remarked how  
well he was looking. At the time of his  
death he was unemployed in the Comptroller's  
office of the L. & N. Railroad.

Belle Point.

Messrs. Robt. and Lou. Chouteau have  
moved to Frankfort.

Mr. Robt. Nixon is building a house on  
Benson street near Blair.

Mr. Ed. Browner has moved into Mr.  
Deukin's house, on Wilson street.

Mrs. Lizzie Miles, of Louisville, is visiting  
Mr. Ed. Roberts and family this week.

Born.—On Thursday night, March 8th, to  
Mr. Ed. Browner and wife, a daughter.

Mrs. Jno. Roberts has been quite sick  
this week. She is improving slowly now.

Mr. and Mrs. Henry Polson spent a  
few days this week with friends in the coun-  
try.

\* Mr. Thos. Daniels is learning the car-  
penter's trade in Mr. Messrs. Terpin & Alli-  
son.

Judge W. L. Pence was very sick the  
first of the week, but has about recovered  
now.

Miss Alice French, of the Forks of Elk-  
horn, visited her cousin, Miss Judge Pence,  
this week.

The Council failed to meet Tuesday night  
last, on account of the illness of the Mayor.  
The meeting will be held next Tuesday night.

Mr. Jim. Harrell, School Committee man,  
has bought a lot in South Frankfort and  
will soon begin the erection of a dwelling  
on it. Messrs. Terpin & Allison have the  
contract.

Our Marshal is enforcing the town ordinance  
that forbids horses from running in  
the streets, which is a move in the right  
direction, for in one or more instances children  
have narrowly escaped being run over,  
while playing on the street.

Says a prominent horseman, holding 14  
opinion of Vandenberg's mare "Adam & Eve,"  
whose great test at Chicago put her at the  
head (and dubbed her "Queen of the Test"). "In my opinion the time is not far distant  
when two minute 'gait' will be resurrected." It will certainly be the case if horses continue  
to use Kendall's Spavin Cure, as it  
jammers up the joints, removes all blemishes,  
and in fact has made a complete revolution  
in the horse business.

The steamer Fannie Freese is doing a  
good business, notwithstanding the City of  
Frankfort is cutting rates at a fearful rate.  
The competition promises to be very lively.

Miles' Crystal Flour is sold in \$3.75 per

The telephone line from Shelbyville to this city is being put up rapidly. The poles are up as far as Bardstown and the wire is working to C'ville. When connected to this city we will be connected with Louisville.

The pump at the intersection of Second and Shelby streets, which is the main dependence of a large portion of South Frankfort, for water is still out of repair. Why can't it be fixed? It was never left out so long before.

Mr. Chas. Noonan arrested two colored men Tuesday afternoon on suspicion, who turned out to be escaped convicts from the camps on the Kentucky Central Railroad extension, which little piece of work paid him one hundred dollars.

To day and to-morrow are the days set by Prof. Wiggins, the Cincinnati engineer who has succeeded Prof. Venner as chief engineer of the weather, for a great wind storm. Our level has had his hair all filed off and is new ready for the worst that may come.

The Louisville Commercial issued a double sheet Sunday in which it devoted the greater portion of its space to a description of the supposed flood of 1833, in which the writer took a general crack at creation, and the Governor and Nucks Guards in particular.

The Lexington Gas Company were so well pleased with the gas furnished by the Franklin Gas and Electric Light Company to our citizens that they have contracted with the Southern Gas Company for the erection of a "Lowe" Water Gas System on their premises in Lexington.

A heli-Wiskfield, Louisville, says: "I was nearly dead from a broken-down constitution. Brown's Iron Bitters restored me to good health."

George Washington, Dan Peur, and Tom Haws, all colored were arrested the first of the week on the charge of stealing sheep from Mr. Stephen Black. They had an exciting trial Tuesday before Exquires McDonald and Bohannon and were held to answer at the Circuit Court.

Mr. Jas. M. Sifell returned from Washington Saturday afternoon, bringing with him photographs of the new Government building, which is to be erected upon the site of the Valley Mills. It is to be a stone structure, two stories high, with a mansard roof, and when completed will present a very handsome appearance.

Dr. B. T. Wood, formerly of this city, but now of Columbia, was in the city Wednesday, having come up for the purpose of assisting in returning to the penitentiary Eliza Robison, an escaped convict, who was sent from Anderson county for horse stealing about six months ago. The doctor is looking well and expresses himself as very well pleased with his new home.

One day last week three valuable horses belonging to Peter Smith, of this city, got out of their pasture, and in wandering around went up to the residence of Mr. Daily on the Brenton Pike, about two miles from this city, when some dogs got after them and ran them at a full speed against a barbed-wire fence around the premises of Mr. D. M. Woodson. The fence with which they struck it tore the wire from its fastenings and it became entangled in their legs, threw them and in their struggles to get free their brains and legs were terribly maimed by the barbs. Persons who saw them afterward say that they presented a sickening spectacle. This should be a warning to farmers who have valuable stock not to use this kind of fence unless they place a pluck at the top, so that their horses can tell where the fence is.

This morning, at 10 o'clock, the rendering stock of goods at Griffin's Store will be offered at auction. Ladies will do well to attend this sale, as the goods must be sold.

The surveyors at work on the line of the Frankfort, Georgetown & Paris Railroad are pushing the work rapidly, and it is expected that the road will be located and the work of construction begun this year.

It is understood that the owners of the site selected for the new opera house will accept the terms suggested by the City Council, and it may be considered as settled that the hall will be built there some time during the coming summer.

Banta bought Early Rose and "White Star" potatoes in Michigan this year, therefore you can't rely upon getting pure seed.

Thousands are being cured of Cancer every year with Hall's Cancer Cure, that the doctors had given up and said could not be cured. 75 cents a bottle. Sold by Joseph LeCompte, Druggist, South Side.

We are selling a large amount of your Kendall's Saponin Cure, which gives great satisfaction. We are authorized to say for Mr. A. H. ### Bridgeport.

Mrs. Jane Morton is quite ill.

Mrs. Ross Jenkins has been sick several days.

Old Aunt Sallie Roberts has been quite sick for a week or two.

Born—March 4th, 1883, to Mr. Len Blythe and wife, a daughter.

Miss Alma Scobell has returned home from a visit to friends in Frankfort.

Misses Bettie McWilliams and Bettie Wilson are visiting Mrs. Lizzie Parker.

Misses Irene and Emma Moreland visited relatives at Harrisonville this week.

Miss —— Christopher, of Clavilage was the guest of Miss Hattie Russell last week.

Miss Annie Long has returned to her home in Frankfort from a visit to friends in this town.

Moses, Benj. Thomas and Will Morris, of Alton, graced the village with their presence last Sunday. Companion boys.

Mrs. Sue Prout, of Lexington, was in the village visiting friends last week. Also Misses Miller and Minnie Williams, of Frankfort.

Last Monday, March 5th, 1883, the Bridgeport school teacher was invited to partake of a splendid lunch prepared especially for him by his pupils, in honor of his birthday. What a fine and hearty tribute he feels for this appreciation of his services. May the richest blessings of heaven ever attend the dear children.

**Married.**—At the residence of the bride's father, J. W. Jackson, Esq., March 8th, 1883, Mr. E. P. Garrett, of Illinois and Miss Jessie Jackson, Elder George Davis officiating. The bride is one of Franklin's most charming daughters, being possessed of all the qualities that go to make up the perfect lady. The groom may congratulate himself on having secured such a happy prize. We are anxious, however, to keep the worthy the most thus committed to his keeping. The best wishes of the entire community for their future happiness and prosperity follow them to their Illinois home.

### FROM ANOTHER CORRESPONDENT.

The young people of the neighborhood were very hospitably entertained at the residence of Mr. Owen Tipp on Wednesday night. It was a candy pulling (the candy being made of maple molasses) given by his accomplished daughter, Miss Ella. While there was no formal entertainment, Mrs. Mrs. Chas. Mayhew superintended the moving of five gallons of pure maple molasses into candy. At least fifty persons were present and all seemed to enjoy themselves to the fullest extent.

As Miss Ella contributed so much to the pleasure of the party, we will naturally come to the conclusion that it was congenitally her idea. Just as well, however, let her parents note, you may rest assured her path through life will be strewn with crimson flowers. It was an epoch in the history of prudery to be remembered.

The parlor was graced with about twenty of the prettiest young ladies that Franklin county could possibly produce. In addition to whom was Miss Leon Smith, a beautiful and graceful young woman from Shreveport, who was greatly admired, especially by one of our young K. M. L. boys. But the boys were not handsome at all, only in their own imagination were they pretty. Notwithstanding the mud roads and the upsetting of a buggy in the darkness of the night, all was soon mended with the things of the past. All enjoyed themselves, even if difficulties were encountered. The party adjourned as usual to the hotel at 12 m. In the meantime the moon had arisen from the eastern horizon in all of her splendor, to furnish light for the crowd as they made their way homeward through the beautiful maple grove. All pronounced the social one of the most pleasant of the season.

EVER WITNESS.

## Hardin's Bottom, Henry County.

Miss Robbie J. Roland, of Clark county, is visiting relatives in this vicinity.

J. R. Fees has an attendance at his school of from 30 to 45 scholars daily and is getting along splendidly so far.

Mr. N. S. Bondurant had his mouth-seal and all its contents destroyed by fire on Wednesday of last week. Loss about \$1,000. No insurance.

Farmers have commenced preparing for another crop by plowing and sowing tobacco seed. They believe very much in raising tobacco in this part of the moral vineyard.

The candidate for Representative of this county spoke in Goshen on last Wednesday evening to quite a small crowd.

They both made a great effort to secure the votes of those present, and seemed to be in favor of having the public school fund increased.

Goshen, which is situated about 1½ miles from here on the Kentucky river, is quite a thriving little village. It contains a grocery store and general store, a post office, a bank and saloon kept by Dr. W. Lawrence, and all are very clever gentlemen, and seem to be doing it very good business.

During the recent high rise in the Kentucky river there was considerable damage in this part of the State. A great many people living along the river here had to vacate their houses and lost a great deal of tobacco, corn, timber, and cord-wood.

Moses, A. J. Biddle, and Wm. Steel were damaged about \$2000. Mr. Wm. Langabout \$100, and others not so much.

Died.—On the 31st, of January, Mr. Jesse Feltner, who lived at Salvado, Scott county, died at the age of 70 years, after a long illness with pneumonia. The corpse was brought to this neighborhood and interred in the family burying ground on the 24th of February. He was 48 years, 3 months and 11 days old; was a member of the Methodist Church, and leaves a wife and two children.

Mr. Editor: Please give me space in the columns of your paper to express a few thoughts in regard to the common schools and the legislature. As I have been a teacher in the common schools for the past six years, I believe I know something about the condition of the schools in this county. Out of so many thousand children reported by the census I do not think I would miss it very far to say that there is not more than one half attending school, notwithstanding the private institutions of learning, with perhaps an average attendance of 40 pupils entitled to admission in the common schools. Now if this name is given to the education the advantage in the State would be very great, but the most regular students are nearly the voting children.

Some of them attend a whole session without learning the English alphabet, others come winter after winter without ever acquiring greater proficiency than to spell long columns of words which they never understand. The mystery of the mystery of long division is never mastered by any child, nor do I know whether the cont. of government is at Washington or Frankfort, and not one of them can tell to what race of men they belong. Now the youths of our State cannot be educated if they remain out of school. This proposition must be the basis of all reasoning and all legislation on the subject of education. The public school system already exists in every county in the State for the free tuition of every child within the jurisdiction. It only half of the children in a given district attend then one half of the money provided by the State is misplaced.

Absenteeism from the schools is the bane of general backwardness in the State, and until the Legislature aims at the abolition of this evil it will be difficult to improve the condition of the schools.

The present common school system is complete in its organization, and the State Superintendent in the district trustees, but it does not bring the children into the schools.

This remedy is to be found in compulsory education. All legislation for the schools which does not aim in the direction of such law will only be a waste.

The legislative envoys are here again in the session and the representatives are biding their time until they get to Frankfort. They will all have something to say about the common school system, leaving the impression that the Legislature needs but to pass a single bill and the schools will become models of perfection.

Every political platform in the State will advocate improvement in the public schools and candidates for State and local offices will make a great many promises to help in this good cause.

Such promises have been made before, without being fulfilled. Judging from past experience school interests in the next Legislature will be something like this: Some one will introduce a bill for an increase in the school tax, which will be defeated, another will try to go upon the records in favor of a school tax, then add a few thousand dollars a year to the public funds, somebody else will try to show that a change in the number of district trustees will work wonders and so they will go. Most of the members being unacquainted with the present school law and unfamiliar with the workings of the schools, the only result probably will be the passage of some unnecessary amendment to the bill which will add confusion to the already rather loose laws in the country districts.

Now I urge that all who feel an interest in the present and coming generation to do all in their power to have the common school system improved, so that we can have more lengthy sessions and better teachers and pay larger salaries, and our schools will be a success.

HANNA KNOP, March 5, 1883

Editor Knop:

In your last issue appeared a letter from D. P. Bentley, written from Shivelyville, in which he makes charges against me, which are nothing more nor less than a libel on the school-board from being on a trial in the court of justice. I have sent a copy of his letter to Mr. J. L. Greenwell, organized a band of Kluklux to run him out of the neighborhood. This is a contemptible lie and I dare him to deny it. The statement that J. L. Greenwell had circulated the report that he was in the Asylum likewise untrue as Mr. Richard Wright was the man who said he was sent there.

Mr. J. L. Greenwell has a number of short through the school house, as Bentley charges why did he not tell the grand jury about it when before that body instead of swearing that he was in Henry county at the time, and knew nothing about it. The truth is, he was at Mr. Allen's when the shooting took place, and he saw it. As for my attempting to run his school, that is not true, I have never done so, and I have taught two weeks and then quit because I found he was such an inferior teacher. He dared his scholars to sue his rates, saying he would "shoot hell out of them." As for the names he seemed to his handbill I can produce several gentlemen whose names appeared in it who will swear that they neither signed nor authorized him to sign his name to it. I have never heard of any accommodation of himself went to Henry county for white horses. When he brought it back it had the names of several men to it who had been dead two or three years. This I can prove as several gentle men will swear to it. I would like to Bentley to attempt to prove his Kluklux charge as he will have a chance to sue him for it.

A. J. GREENWELL.
